Course milestone M15: Expo Presentation Confirmation

HONR 46400 · Evidence-Driven Research

What to submit

One file, `lastname_m15.pdf`. Everything this milestone asks for goes inside it, as sections in the order below.

Submit it on Brightspace, under **Assignments** then **M15**. Brightspace carries the deadline.

What to do

Your presentation, confirmed

Presenting your poster at the Purdue Fall Undergraduate Research Expo is required. Submit **a photo of you in front of your poster at the Expo**, saved as your PDF. Take it at the Expo, early in your session, with the poster legible enough to identify as yours.

At the Expo, be at your poster for your whole assigned session, present with the pitches from your plan, answer from the evidence, and **write one line after each visitor** with the gist of the question and who asked it. Those notes are the evidence your conference reflection reads.

How it is graded

This milestone is graded on completion: 100 for the photo, 0 without it. Your live presentation is scored separately, at the Expo, and supplies 30% of the Poster Presentation component.
